Interior design is more than creating stunning spaces; it is about uncovering the pieces of a whole that beautifully perform a function, giving sense to the interior environment.

I love finding simple elements that create coherent, astonishing and meaningful interiors.

Retail

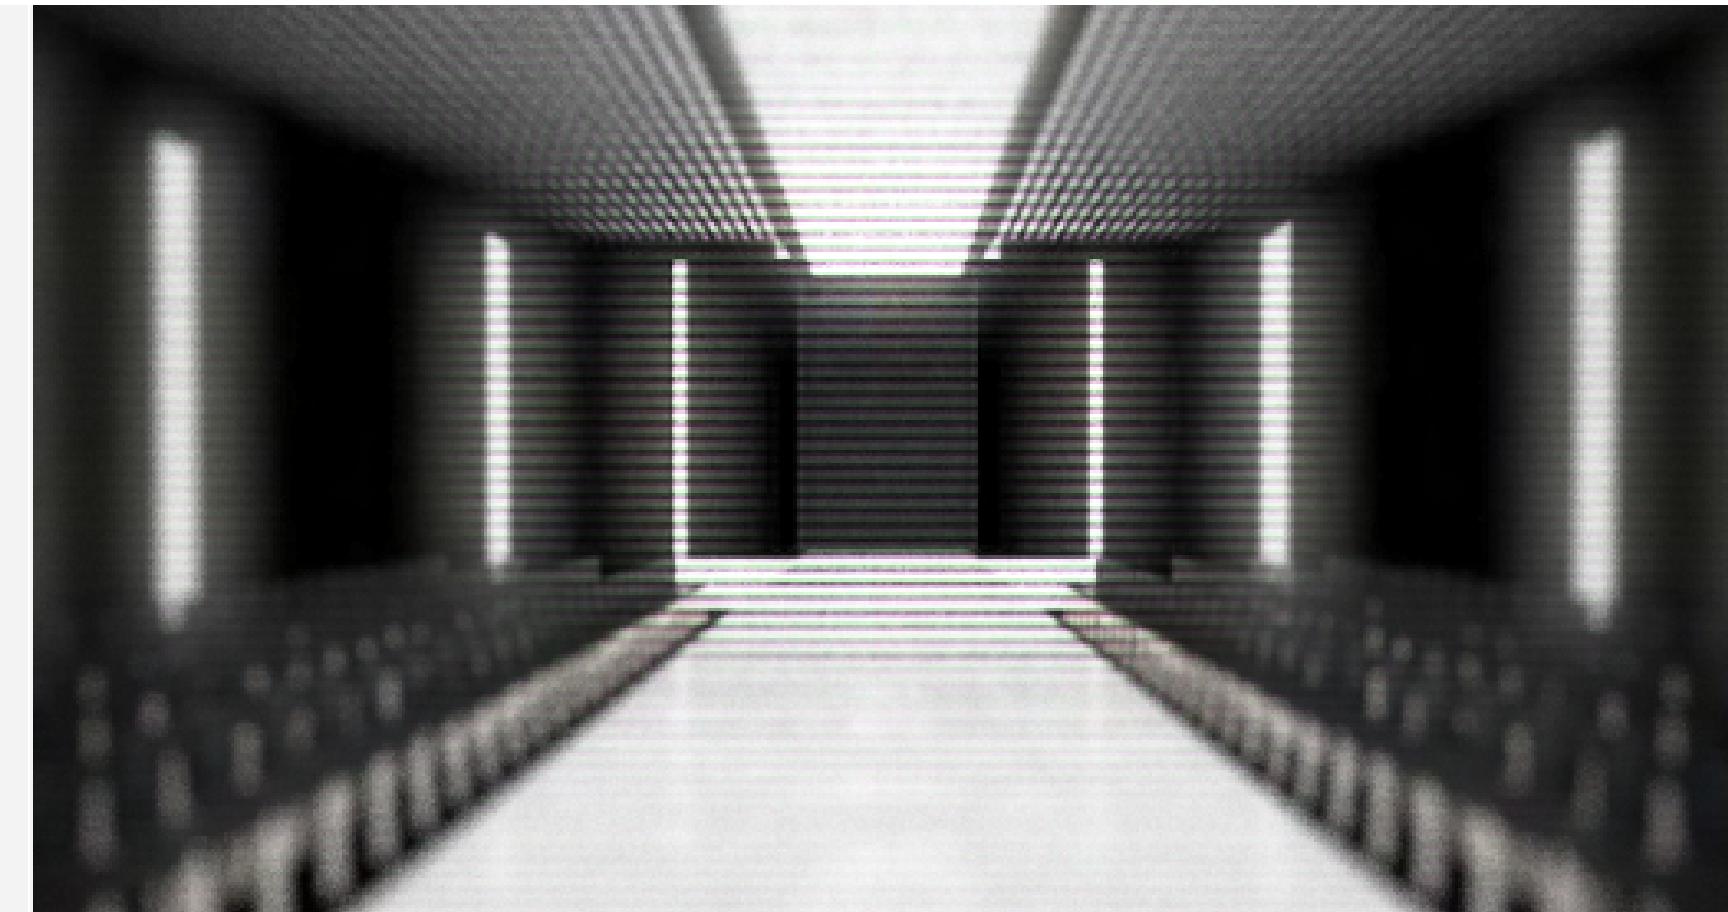

**J.CREW**'s flagship store redefines fashion shopping as a journey of self-expression and confidence. Clients take center stage in an elegant, functional space designed to inspire and educate.

The Colour Lab will help clients discover their perfect palette, while the fashion parade walk will let them step into the spotlight, capturing and sharing their **J.CREW** looks on social media.

**ABOUT**

**WORK**

**CONTACT**

**J.CREW**'s Toronto flagship store embodies simplicity, elegance, and modernity, reflecting the brand's values of sophistication and quality. The store will offer two standout experiences: a **Colour Lab** for exploring ideal colours and a **Fashion Parade Walk** to celebrate unique personal style.

## DESIGN STATEMENT

The design aims to create a Toronto dog shelter with a dual purpose: providing a temporary home for abandoned dogs while promoting adoption and ensuring their well-being. This project prioritizes creating a homelike routine, preventing disease transmission, fostering emotional health, and addressing behavioral issues among the dogs.

## CONCEPT

# hygge

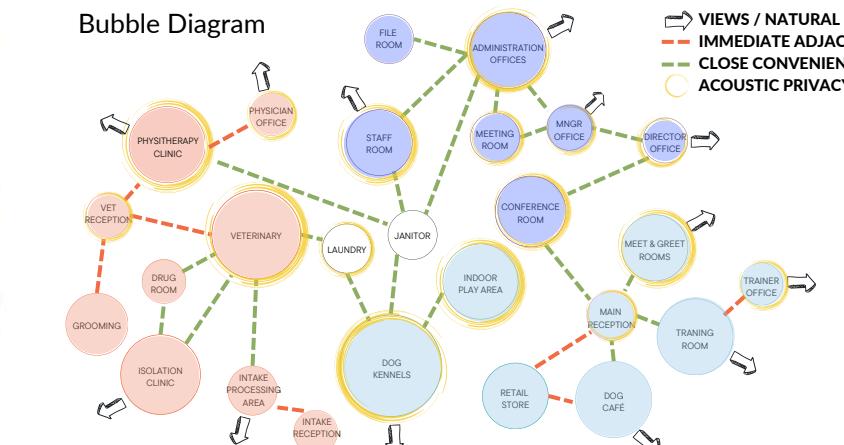

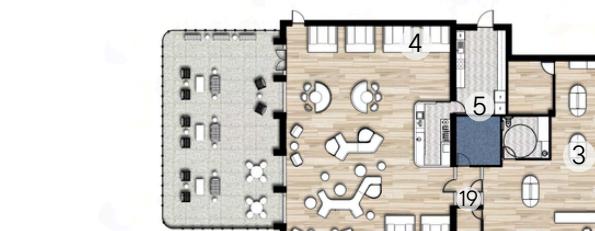

[hoo - ga] noun

An atmosphere of warmth, well-being and calm, an absence of frustration and overwhelm, a feeling of peace and being in the moment, able to enjoy the present.

Danish philosophy related to happiness found in simple things; it encompasses togetherness, comfort, harmony, well-being, and the feeling of safety and shelter, the experience of Hygge is the process of healing for the soul.

# Commercial - Dog Shelter

The design intends to create a space where sheltered dogs achieve a sense of safety and develop new skills while maintaining healthy routines and proper exposure to socialization and affection.

The aim is to design an interior space around sheltered dogs' well-being, security, and rehabilitation, nurturing comfort to relieve anxiety and enhance the healing process while promoting public involvement, adoption and education.
